

Operation Access enables Bay Area health care providers to donate vital surgical and specialty care to people in need. We envision health care equity for people facing barriers to care.

## Alameda County Statistics

Since 1997, Operation Access has provided care coordination, patient navigation, and volunteer engagement to coordinate over 3,800 surgical procedures and diagnostic services for low-income, uninsured Alameda County residents.

There is a continued need for services among those still uninsured despite the Affordable Care Act, including undocumented immigrants.

### Outpatient Services Provided

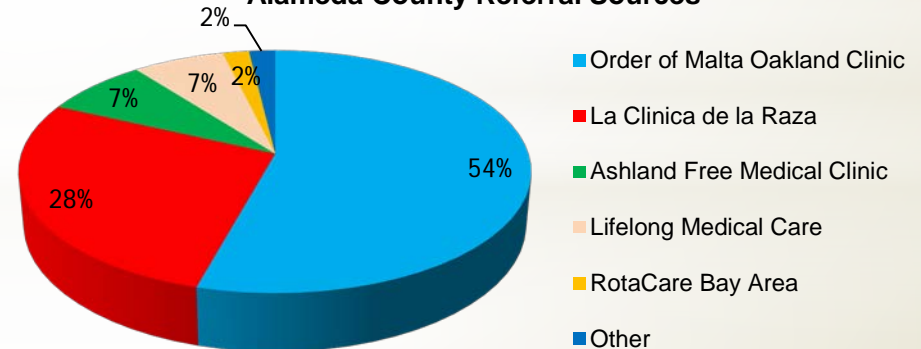

Breast, Dermatology, Gastroenterology, General Surgery, Gynecology, Plastic and Reconstructive, Ophthalmology, Orthopedics, Otolaryngology, Urology, Vascular  
*Other outpatient services may be available.*
